

DESIGN SOLUTIONS & INTEGRATION

INDUSTRIAL ELECTRICAL CONSTRUCTION SERVICES

Built, Wired, Commissioned, and Supported by One Team.

800.347.7340

Electrical systems are the backbone of critical infrastructure. When power distribution, controls wiring, panels, and startup support are not coordinated, schedules slip and downtime goes up.

The DSI Difference

DSI delivers electrical construction as part of an integrated project delivery model, not an isolated scope of work. Our electricians work side by side with DSI automation, panel shop, fabrication, and field service teams, so panels match the field wiring and startup verifies that all of it works together.

Where Electrical Projects Go Wrong

Most electrical problems are not one bad installation. They happen when design, panels, automation, and commissioning are split across vendors who never talk to each other. DSI removes the handoffs.

Electrical Construction Capabilities

- Power distribution, MCC and VFD installation
- Control panel installation and field wiring
- Instrumentation and field device wiring
- PLC, RTU, and SCADA equipment wiring
- Startup, commissioning, and troubleshooting
- Modernization of aging infrastructure

Employee-Owned Advantage

As a 100% employee-owned company, DSI electricians own the result, not just the installation. That drives safer work and systems built to last.

Talk with Our Electrical Team

Tell us what you are building, or what is not working. We will tell you what it takes to power it and keep it running.

100% Employee-owned. Fully accountable.

THE INTEGRATED ADVANTAGE

FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation
Silver System Integrator

UL 508A & UL 698A
Certified Panel Shop

ASME National Board
R-Stamp Welding

100% Employee-Owned
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

PLATFORMS & EQUIPMENT WE SUPPORT

Allen-Bradley	ABB
Rockwell Automation	Eaton
Emerson	Phoenix Contact
Siemens	Red Lion
Schneider Electric	VEGA

WHERE WE WORK

Sioux Falls, SD	Midland, TX
Stanley, ND	Carlsbad, NM
Grand Forks, ND	Douglas, WY

Six locations across five states, with nationwide project support as customer needs arise.

LET'S TALK ABOUT YOUR NEXT PROJECT.
