

DESIGN SOLUTIONS & INTEGRATION

UL-CERTIFIED PANEL SHOP FOR PROCESSING PLANTS

Built for Production, Integration, and Maintainability.

Call for more info:
800.347.7340

Industrial plants depend on panels built for uptime, safety, and maintainability. Poorly built or undocumented panels mean downtime, quality issues, and delayed startups.

The DSI Difference

DSI builds UL-certified panels for processing, manufacturing, and facility operations. Our panel shop works directly with DSI automation, electrical construction, fabrication, and field service, so panels are built for the full system, not just the shop bench.

Repeat Builds, Built the Same Way

Standardized panel designs repeat across equipment, lines, and future expansions. That cuts troubleshooting time and makes spare parts planning far simpler.

Industrial Panel Capabilities

- PLC, HMI, and automation cabinets
- VFD, MCC, and motor control panels
- Process and instrumentation panels
- Machine and custom equipment panels
- Repeat-build and standardized programs
- Factory acceptance testing and documentation

Employee-Owned Advantage

As a 100% employee-owned company, DSI panel builders own the result, not just the build. That drives cleaner labeling and panels plant teams can maintain.

Talk with Our Industrial Panel Team

Send us your drawings or your equipment requirements. We will tell you what it takes to build it and keep the line running.

100% Employee-owned. Fully accountable.

THE INTEGRATED ADVANTAGE

FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation
Silver System Integrator

UL 508A & UL 698A
Certified Panel Shop

ASME National Board
R-Stamp Welding

100% Employee-Owned
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

PLATFORMS & EQUIPMENT WE SUPPORT

Allen-Bradley	ABB
Rockwell Automation	Eaton
Emerson	Phoenix Contact
Siemens	Red Lion
Schneider Electric	VEGA

WHERE WE WORK

📍 Sioux Falls, SD	📍 Midland, TX
📍 Stanley, ND	📍 Carlsbad, NM
📍 Grand Forks, ND	📍 Douglas, WY

Six locations across five states, with nationwide project support as customer needs arise.

LET'S TALK ABOUT YOUR NEXT PROJECT.
