

DESIGN SOLUTIONS & INTEGRATION

ELECTRICAL CONSTRUCTION FOR OILFIELD PRODUCTION

Reliable Power. Safer Sites. Built for Production Uptime.

Call for more info:
800.347.7340

Oil and gas operations depend on electrical systems that work in hard field conditions, across distributed assets, and under constant production pressure.

The DSI Difference

DSI builds electrical systems for well pads, production facilities, tank batteries, saltwater disposals, LACT units, ESP systems, and MCC and VFD installations. Electrical, automation, panel shop, fabrication, and field execution all come from one accountable team.

Built to Work Around Production

Oilfield electrical work rarely happens on an empty site. DSI supports phased work and practical field execution so crews can build and tie in while the operation keeps running.

Oilfield Electrical Capabilities

- Well pad and production facility power
- Tank battery, SWD, and LACT unit systems
- ESP, pump, MCC, and VFD installation
- Hazardous, classified location wiring
- SCADA and instrumentation field wiring
- Startup, commissioning, and field support

Employee-Owned Advantage

As a 100% employee-owned company, DSI crews own the result, not just the install. That drives safer field work and systems operators can maintain.

Talk with Our Oilfield Electrical Team

Tell us what you are building, or what keeps failing. We will tell you what it takes to power it and keep it producing.

100% Employee-owned. Fully accountable.

THE INTEGRATED ADVANTAGE

FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation
Silver System Integrator

UL 508A & UL 698A
Certified Panel Shop

ASME National Board
R-Stamp Welding

100% Employee-Owned
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

PLATFORMS & EQUIPMENT WE SUPPORT

Allen-Bradley	ABB
Rockwell Automation	Eaton
Emerson	Phoenix Contact
Siemens	Red Lion
Schneider Electric	VEGA

WHERE WE WORK

📍 Sioux Falls, SD	📍 Midland, TX
📍 Stanley, ND	📍 Carlsbad, NM
📍 Grand Forks, ND	📍 Douglas, WY

Six locations across five states, with nationwide project support as customer needs arise.

LET'S TALK ABOUT YOUR NEXT PROJECT.
