

DESIGN SOLUTIONS & INTEGRATION

FIELD-READY FABRICATION FOR OILFIELD PRODUCTION

Skids, Structures, and Access Built for the Field.

Call for more info:
800.347.7340

Oilfield fabrication has to survive transportation, installation, weather, vibration, and years of field use. It also has to fit the electrical, control, and mechanical systems around it.

The DSI Difference

DSI brings fabrication, electrical construction, automation, the panel shop, and field service together. Whether it is a custom skid, an equipment mount, an access platform, or a repeat-build oilfield component, we build with the full system in mind.

Standardize Across Sites

Many operators benefit from fabricated components repeated across well pads, facilities, and regions. Standardization cuts installation time and simplifies long-term maintenance.

Oilfield Fabrication Capabilities

- Equipment skids and structural bases
- Well pad and production facility support
- Panel and enclosure support frames
- Access platforms, stairs, and railings
- Pipe, conduit, and instrument supports
- Field modification and retrofit work

Employee-Owned Advantage

As a 100% employee-owned company, DSI fabricators own the result, not just the weld. That drives structures built for the crew who installs them.

Talk with Our Oilfield Fabrication Team

Send us your drawings, or the site problem you need solved. We will tell you what it takes to build it and install it.

100% Employee-owned. Fully accountable.

THE INTEGRATED ADVANTAGE

FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation
Silver System Integrator

UL 508A & UL 698A
Certified Panel Shop

ASME National Board
R-Stamp Welding

100% Employee-Owned
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

PLATFORMS & EQUIPMENT WE SUPPORT

Allen-Bradley	ABB
Rockwell Automation	Eaton
Emerson	Phoenix Contact
Siemens	Red Lion
Schneider Electric	VEGA

WHERE WE WORK

- Sioux Falls, SD
- Midland, TX
- Stanley, ND
- Carlsbad, NM
- Grand Forks, ND
- Douglas, WY

Six locations across five states, with nationwide project support as customer needs arise.

LET'S TALK ABOUT YOUR NEXT PROJECT.
