# UL-CERTIFIED PANEL SHOP FOR OIL AND GAS ENVIRONMENTS

UL 508A and UL 698A. Built for Field Reliability.

Call for more info:  
**800.347.7340**

Oil and gas production depends on control panels that work in harsh field conditions. When a panel fails it is not just an electrical problem, it is lost production.

## The DSI Difference

DSI builds UL 508A and UL 698A panels for oilfield applications. Our panel shop works directly with DSI automation, electrical construction, fabrication, and field service, so panels are not just built correctly in the shop, they are designed to install, commission, and operate in real production environments.

## Repeat Builds Without Losing Flexibility

Some oilfield panels repeat across dozens of sites. Others are one-off engineered builds. DSI supports both, with the same labeling and workmanship either way.

## Oilfield Panel Capabilities

- UL 508A oilfield control panels
- UL 698A and Class I Div 2 panels
- Pump, VFD, and motor control panels
- SCADA, RTU, and PLC interface panels
- ITBC and CTP wellhead control boxes
- Factory acceptance testing and documentation

## Employee-Owned Advantage

As a 100% employee-owned company, DSI panel builders own the result, not just the build. That drives cleaner labeling and panels that hold up in the field.

## Talk with Our Oilfield Panel Team

Send us your drawings, or the panel that keeps failing. We will tell you what it takes to build it and certify it.

**100% Employee-owned. Fully accountable.**

## THE INTEGRATED ADVANTAGE

# FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

### ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

### AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

### PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

### FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

### FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

## CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation  
Silver System Integrator

UL 508A & UL 698A  
Certified Panel Shop

ASME National Board  
R-Stamp Welding

100% Employee-Owned  
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

## PLATFORMS & EQUIPMENT WE SUPPORT

|                     |                 |
|---------------------|-----------------|
| Allen-Bradley       | ABB             |
| Rockwell Automation | Eaton           |
| Emerson             | Phoenix Contact |
| Siemens             | Red Lion        |
| Schneider Electric  | VEGA            |

## WHERE WE WORK

|                   |                |
|-------------------|----------------|
| 📍 Sioux Falls, SD | 📍 Midland, TX  |
| 📍 Stanley, ND     | 📍 Carlsbad, NM |
| 📍 Grand Forks, ND | 📍 Douglas, WY  |

Six locations across five states, with nationwide project support as customer needs arise.

## LET'S TALK ABOUT YOUR NEXT PROJECT.
