Control panels are the brain of industrial, municipal, and oilfield systems. When panels are poorly built, undocumented, or hard to troubleshoot, operations face downtime and audit problems.

The DSI Difference

DSI builds UL 508A and UL 698A panels and works directly with DSI automation, electrical construction, fabrication, and field service teams. Panels are not just built correctly in the shop, they are designed to install, program, commission, and operate reliably in the field.

Every Panel Tested Before It Ships

Factory acceptance testing verifies wiring, components, and control circuits before a panel leaves the shop, so problems get found on the bench instead of at startup.

Panel Shop Capabilities

- UL 508A industrial control panels
- UL 698A and hazardous location panels
- PLC, HMI, and SCADA interface panels
- VFD, motor control, and pump panels
- Factory acceptance testing and documentation
- Repeat-build and standardized programs

Employee-Owned Advantage

As a 100% employee-owned company, DSI panel builders own the result, not just the build. That drives cleaner labeling and panels that are easier to support.

Talk with Our Panel Shop Team

Send us your drawings or your requirements. We will tell you what it takes to build it, certify it, and keep it serviceable.

100% Employee-owned. Fully accountable.

THE INTEGRATED ADVANTAGE

FIVE SERVICES. ONE ACCOUNTABLE TEAM.

Most industrial projects are split across an electrical contractor, a panel builder, a fabricator, and an integrator, and the gaps between them are where schedules slip. DSI self-performs all five. One team owns the design, the build, and the result.

ELECTRICAL

Industrial construction, power distribution, MCCs, and switchgear.

AUTOMATION

PLC, HMI, and SCADA programming, telemetry, and modernization.

PANEL SHOP

UL 508A and UL 698A panels, including classified areas.

FABRICATION

Skids, e-houses, racks, platforms, and structural assemblies.

FIELD SERVICES

Emergency repair, R-Stamp welding, commissioning, and support.

CERTIFICATIONS & ACCREDITATIONS

Rockwell Automation
Silver System Integrator

UL 508A & UL 698A
Certified Panel Shop

ASME National Board
R-Stamp Welding

100% Employee-Owned
ESOP

100% EMPLOYEE-OWNED | 25+ YEARS | UL-CERTIFIED PANEL SHOP | ASME R-STAMP WELDING | 6 LOCATIONS

PLATFORMS & EQUIPMENT WE SUPPORT

Allen-Bradley	ABB
Rockwell Automation	Eaton
Emerson	Phoenix Contact
Siemens	Red Lion
Schneider Electric	VEGA

WHERE WE WORK

Sioux Falls, SD	Midland, TX
Stanley, ND	Carlsbad, NM
Grand Forks, ND	Douglas, WY

Six locations across five states, with nationwide project support as customer needs arise.

LET'S TALK ABOUT YOUR NEXT PROJECT.
